*Where Students Are More Than A Test Score!*

April 20, 2020

Dear CS Families,

On behalf of all of us at the Elementary building we hope that you and your family are safe and healthy!

We have been working collaboratively as a staff since the Governor`s Executive Order to develop a distance learning plan. We have been meeting and collaborating with each other as a teaching team as well as with colleagues and leaders around the county to develop a plan that focuses on the emotional, psychological and educational well-being of all our students. We are also working diligently to bring learning to all students, whether through paper-packets, through online platforms, or both. We continue to search for ways we may be able to bring "hotspots" and devices to our families who need those.

This is a "new normal" for all of us, teachers and learners, and we thank you for your patience as we navigate learning to deliver instruction in new ways. We will also be patient with you as you learn to work remotely, through a paper packet of instruction, or both.

We're in this together, we'll learn together, and we'll get through this together.

Please reach out with questions or concerns at [tpeters@csschools.net](mailto:tpeters@csschools.net) or 269-497-2101.

You can also find more information and our complete Continuation of Learning (COL) plan at <https://www.csschools.net/studentactivities/coronavirus-disease-covid-19/>

Sincerely,

*Teri*
